THE Patients And Carers Together GROUP

The aim of the P.A.C.T group is to influence the development and continued improvement of services for patients receiving care and treatment in Stockport.

The group meet 4 times a year at Beechwood Cancer Care Centre in Stockport (see map on the back).

As a group member you will have the opportunity to voice your individual views and experiences. If you have concerns about committing to attend all meetings, still consider joining as someone with enthusiasm and ideas could still be a valuable member.

If you are interested in becoming involved with the Stockport PACT group but feel apprehensive about coming to your first meeting, we can arrange for a member to welcome you personally.
